

THE 1956 NATIONAL POLLED SHORTHORN CONGRESS

Show and Sale

MARCH 26-27
COLUMBUS, NEB.

NATIONAL CONGRESS

Show of Sale Cattle

Monday, March 26, 1956

9:30 A. M.

PLATTE COUNTY FAIRGROUNDS, CATTLE BARN

COLUMBUS, NEBRASKA

JUDGE:

Prof. Don Good, Kansas State College, Manhattan, Kan.

**ANNUAL DINNER AND MEETING OF AMERICAN POLLED
SHORTHORN SOCIETY, 7:00 P. M., MONDAY, MARCH 26,
CITY AUDITORIUM.**

CONGRESS SALE - Tuesday, March 27, 1956

9:30 A. M.

PLATTE COUNTY FAIRGROUNDS

HOTEL RESERVATIONS: It is necessary for all who plan to attend this Congress to make whatever hotel reservations are required as far in advance as possible. The EVANS HOTEL, in downtown Columbus, Nebraska, has been established as headquarters and the management will make every effort to accommodate you. Be sure to mention the Polled Shorthorn Congress when requesting accommodations.

MOTELS: Those preferring motel accommodations will find many of these located within easy distance of the fairgrounds. The Chamber of Commerce list the following - all to be addressed at Columbus: ARCHWAY MOTEL, ARA VISTA MOTEL, COLUMBUS MOTEL, GEMBOL'S MOTEL, ELMS COURT, KEEN KORNER COURT, MILLER MOTEL, PAWNEE MOTEL and PARKVIEW CABINS.

DINNER: Every Polled Shorthorn breeders and enthusiast should plan to attend the Annual Dinner to be held at 7:00 p. m., Monday, March 26th in the City Auditorium. Tickets will be available from any Association representative.

ANNUAL MEETING: The Annual Meeting of the American Polled Shorthorn Society will be held directly following the dinner and everyone is invited to attend and take part.

Catalog Lithographed By MWM Color Press, Aurora, Mo.

In Appreciation

The progress of any breed is influenced by the aggressiveness and cooperation of those who contribute their time, money, and effort to the promotion of the breed. No little thanks for the success of this 1956 National Polled Shorthorn Congress should be given to the breeders whose efforts have made possible this consignment of top productions from leading herds.

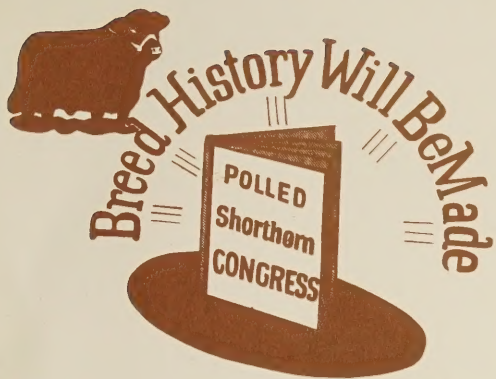

There is also another group who have given time and money, as well as effort to the promotion of this Congress. As proof of the aggressive methods and constructive attitude behind the ever-expanding livestock interests in Nebraska, the Platte County Agricultural Society has provided \$1,200.00 for premiums and the Columbus Centennial Corporation combined with the Columbus Chamber of Commerce have contributed an additional \$300.00 - making a total of \$1,500.00.

Our sincere thanks also go to Mr. Charles J. Lynn of Lynnwood Farm, Carmel, Indiana for his contribution of \$1,000.00 to make up the prize money for the four group classes.

Attractive trophies are to be contributed by James H. Cumming of the Y-Knot Drive In, Columbus, Nebraska and the Platte County Agricultural Society.

Ribbons and trophies awarded by the American Shorthorn Breeders' Association.

We know all Polled Shorthorn folks join us in extending our appreciation for the liberal contributions making this attractive premium list possible.

Information for the Buyer

MAIL BIDS - Those unable to be present who desire to take advantage of the buying opportunities in this sale, may rest assured that mail or wire bids will be honestly and faithfully executed. Any of the following competent men will be happy to handle buying orders for you. They may be contacted at the addresses listed, or they can be reached in Columbus in care of Evans Hotel.

Representing **AMERICAN SHORTHORN BREEDERS' ASSOCIATION**
Allan C. Atlason Clem Larson Ted Aegerter

Representing **THE SHORTHORN WORLD**, 16 South Locust St., Aurora, Ill.
Merv Aegerter, Seward, Nebraska

SHIPPING ARRANGEMENTS - It is the obligation of the consignors and this Society to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition. **BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK.**

LIABILITY - Although every precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Society, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

TERMS - The terms of the Sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

GUARANTEE - All animals sold in this sale will be backed by the Standard Guarantee endorsed by the American Shorthorn Breeders' Association, which is printed in this catalog.

AUCTIONEERS - C. D. SWAFFAR, TULSA, OKLAHOMA
DICK KANE, WISNER, NEBRASKA

AMERICAN POLLED SHORTHORN SOCIETY

Cooperating with

GET OF SIRE, three animals, both sexes represented, bred and owned by exhibitor	\$150	100	50	30	30	30	20		

STANDARD GUARANTEE ENDORSED BY THE AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Red, A. C. Shallenberger

COLLYNIE REGENT x - Is a well-balanced, evenly fleshed, very typy bull - one of the best produced by us to leave the farm. He was Reserve Senior Champion at the 1955 Nebr. State Fair. His sire is the twice Nebraska State Fair Champion and his dam is by Cloverdale Regent that sired more good thick show-winning cattle than any bull we ever owned. His grandam, Duchess of Gloster 2d was a granddaughter of King Collynie Jr.

LYNNWOOD APPEAL x - Was in the show herd in 1954 as a Junior Calf and again in 1955 as a Junior yearling and has given a good account of himself wherever shown. His dam was a top show heifer, shown for three years, as a junior calf, junior yearling and a two year old. We have no family of cattle that is naturally any thicker than in this Lynnwood Beauty family. Lynnwood Appeal was third place junior yearling at the 1955 International and was in the best ten head at that show. He has been used and is sure.

The years continue to add evidence that giving each buyer an over-flowing measure of square deal is the smartest business practice any breed auction can follow, and that can be said of every Polled Shorthorn Congress to date. The who's who buy here. They have learned by experience that there is no more dependable foundation for a leading herd than championship blood, and it can always be found at these annual national events. COME AND PROVE IT TO YOURSELF.

AVENEL MAGNATE x - Is a good, rugged son of the \$3,000. Lynnwood Metaphor, that in turn is a grandson of the great Edellyn Royal Leader 2d. His dam is a daughter of imported Kirkton Monarch that sired many prize winners at the International. Note that Kirkton Baronet appears in the pedigree, as well as a son of the noted Pittodrie Landmark. These bulls have done much to improve the breed the world over. If you want ruggedness, bone, thickness and weight-for age in your calves, be sure to inspect this bull.

BEACON'S BUD x - Is an outstanding dark roan of the right size and substance. Stood second in the 1955 National Polled Shorthorn Show at Iowa State Fair - and is very well balanced, with depth of body, thickness and smoothness from head to tail-setting. He has been used on a few of our top females and is guaranteed a sure breeder.

COLUMBUS, NEB.

1955 International

Grand

Champion

Bull

CREEKLAND LANCER, sired by Louada Developer, was the Junior and Grand Champion Polled Shorthorn bull of the 1955 International Live Stock Show in Chicago.

Masculine-headed with a great muzzle, burly neck, uniform in his width and depth, he displayed all the requirements needed in a herd bull. In addition, he possessed excellent bone and substance. He was bred by Creekland Farms, Clinton, South Carolina and purchased as a calf by C. B. Teegardin & Sons, Ashville, Ohio, who fitted and exhibited him at the International. He was undefeated wherever shown in 1955.

COLUMBUS, NEB.

Dehorn Your Calves Before Birth

Why suffer
expense and
loss of mechanical
dehorning methods?

*Let Polled Shorthorns
do it "at no extra cost."*

Investing in an outstanding purebred Polled Shorthorn bull is the best way to progress in the beef cattle business.

In character, breed type, smoothness from end to end, wrapped in rich coat and scaling 1925 pounds in work condition, this Polled Shorthorn bull presents pictorially a model of the modern proved beef sire. He was often a champion in polled and horned competition and has sired champions. The clean poll, broad forehead, docile eye, large and clear muzzle, strong jaw, short and thick neck, with masculine development of crest, brisket and muscular forearm and over-all width and depth are featured impressively. He has proven his ability as a sire - and represents the modern type Polled Shorthorn breeding bull.

Natural Hornlessness

The breeder likes Polled Shorthorns . . . the farmer likes Polled Shorthorns . . . the feeder likes Polled Shorthorns . . . the packer likes Polled Shorthorns.

They are pleasing to the eye, have individuality, character and good dispositions, and the best possible conformation.

No section of the United States is over-supplied with herds of good beef cattle and wherever they are found as a major livelihood there prosperity moves along at an even level. Cattlemen can always count on an income where many other lines of business fall short. This has been especially true of Polled Shorthorn herds. They have weathered economic storms and return maximum profits on your investment

The greatest returns per cattle unit will come from quick fattening, good milking, earlier maturing hornless Shorthorns. The degree to which the production of beef has risen in efficiency makes the utility advantages of the Polled Shorthorn especially desirable to the American producer of prime beef.

Polled Shorthorns are pound makers with abundant natural flesh, well-balanced, with wide, short bodies, straight legs, strong backs and good heads. Because of their natural hornlessness they are able to make the most efficient use of shed and pasture space, meanwhile putting on the greatest weight for the same amount of feed of any beef breed.

Gold Gloster 33d was the sire of Silver Blossom that stood next in class to the Reserve Champion in the 1953 Congress and is the sire of two Champions and two Reserve Champions in the Kansas Polled Shows & Sales.

World Wide Demand

POLLED SHORTHORNS

Polled Shorthorns are the naturally hornless model of the Shorthorn . . . rapidly sweeping to the front in popular acceptance everywhere. They have all the Shorthorn superiority as a beef breed . . . quick adaptability, earlier maturity, quiet, easy-feeding dispositions, good foragers, popular and profitable in the feedlot . . . plus NATURAL HORNLESSNESS.

These characteristics have been bred into Polled Shorthorns for generations and today they possess the highly important prepotency to pass along the improvement.

Polled Shorthorns are an all-American product, developed by thinking breeders because of popular demand with an eye to what the future cattleman will find the most profitable. Keep pace with this growing demand. Give practical stockmen what they are asking for. Breed Polled Shorthorns . . . the modern type of beef production. The growing demand assures an excellent market for your surplus stock.

Polled Shorthorns are tops in weight-for-age, gentleness, quality, modern type and their ability to utilize farm-grown roughages efficiently is unexcelled. Combine this with the fertilizer which they give back to the land and you have the ideal plan for soil conservation.

Today's uniformity of leading Polled Shorthorn herds represents a significant achievement in animal breeding. The scenes taken on a few of the leading Polled Shorthorn farms symbolize this important measure of success in breed development. The uniformity and excellence in type and quality portrayed give convincing evidence of the constructive nature of operations on hundreds of American farms today. Aren't these the kind of Polled Shorthorns you would like to own?

World Wide Demand

POLLED
SHORTHORNS

Remember, profitable farming is based on sound planning in the use of good seed, good feed, good fertilizer and **GOOD LIVESTOCK**. Polled Shorthorns are the most practical and profitable cattle for American farms. They offer the farm family security and dependability year after year.

Master breeders with sound knowledge, patience and foresight have accomplished much in the production of more and better Polled Shorthorns. The beginning of any good breeding program starts with the assembly of females. The continuation of that breeding program is dependant upon the addition of cows with uniformity of type and excellence of quality, along with acceptable ancestry. Such requirements are filled naturally by modern Polled Shorthorns. They fit the economic demands for breeding cattle . . . also utility, efficiency and profitable performance . . . the effective basis for practical farming.

Polled Shorthorns are the choice of the man who looks to the permanency of his economic future, as well as to a long-term breeding program. Thick, blocky, close to the ground, quiet, easy-feeding females with abundant scale for age and plenty of milk for early maturing calves are the ideal foundation females for a herd. Upon the cow herd depends the speed with which returns are gained on cattle investment. Good cows not only go on working for their owners every minute of their lives, but also turn otherwise wasted roughages into a thrifty bank balance, at the same time converting land into more fertile acres.

A breeder soon learns that he can't afford to buy anything but the right kind if he has any hope of being successful, either in the pure-bred or commercial cattle business. Polled Shorthorns are the kind that will help you achieve the utmost per dollar invested.

Polled Shorthorn . . .

Quality and Progress . . .

is exemplified in these illustrations showing good-bodied, outstanding International Grand Champions. The successful Polled Shorthorn breeder aims toward a definite goal. Firmly imbedded in his mind must be the type that will lead toward success.

A study of the illustrations on this page will help you. Note the depth of body, shortness of leg, natural thickness, balance and strong bone with legs set squarely on the corners of these Polled Shorthorns that so accurately portray beef form at its best.

LYNNWOOD ROSEWOOD 7TH x - This heifer is a full sister to the Reserve Champion heifer and top selling heifer at Denver in 1955. This heifer is particularly thick, good headed, and comes from our very dependable Rosewood family. The two daughters of Lynnwood Leader in this sale are the last daughters of Lynnwood Leader that will be offered. LYNNWOOD ROSEWOOD 7TH SELLS BRED TO CARONA FASCINATION. Calfhood vaccinated and pretested clean.

COLUMBUS, NEB.

SOLID FOUNDATIONS

The herd which achieves distinction consists of the best bull money can buy and good females which can enhance that bull's value with each succeeding crop of calves. Here is a rare opportunity to buy the topends from the best sources of supply . . . animals of modern type, individuality, of the right conformation, backed by ancestry of known performance.

Many bulls in this Congress will not be available at any price when their calves begin to come. Many of the females would not be priced under any consideration at private treaty, but are consigned to this show-window of the breed because of the promotional value to the herd.

There will be animals to fit every herd need, and all are the kind to point the way to the attractive future ahead for Polled Shorthorns. **BUY WITH CONFIDENCE IN THIS CONGRESS.**
